Description of the system

The system offers the following functionalities

➤ Home Page

Every college gets its own URL and this page will show the basic information about the college itself including a contact page. During Admission period this page will show the links to the various admission forms based on the courses offered by the college.

➤ View Prospectus

Every college can show one prospectus or more prospectuses based on number of courses offered in the college.

➤ Application

Applicants can apply for one or more courses of their choice offered by the college. Applicant will have to fill the application form and upload all the required documents and pay prospectus fee online. The prospectus fee amount (which can vary for each course) can be decided by the college. The college can (re)open the admission process for each course separately.

➤ Application Verification

After the applicant pays, the college can verify online, the submitted applications and the uploaded documents. The college can either approve or conditionally approve (in case of missing or unreadable uploaded documents) or reject the application. Applicant will be informed of the decision by email. In case of conditional approval, the applicant can modify the application online.

➤ Merit List Generation (Optional)

HPU 200 seat rosters is applied for generation of Merit List for the college. This list can be implemented as per the need of every individual college. Merit list will be visible on public page so that candidates can see if they have been shortlisted or not.

➤ Counselling

Web: www.highaltitudeeducation.in Phone: +91 9816019111 Email: info@highaltitudeeducation.in
Flat No 104, 2nd Floor, Farm View Near Amar Vihar, Lower TutiKandi, Shimla, H.P. , India Pin: 171004

Approved applicants will be invited to the college for counselling by email. The applicants can also see the status of their application on their personal dashboard.

➤ **Fees Generation**

After successful counselling, the fee invoice will be generated as per college requirement (one Instalment or Half yearly instalment). The invoice can be paid either online or by challan. If paid online, then the payment is automatically verified and processed by the system and the applicant is enrolled and becomes a student. If paid by challan, the college need to verify the challan payment and enter this in the system. After verification, the applicant is enrolled and becomes a student.

➤ **Hostel Application (Optional)**

Based on the criteria of college certain students can apply for the hostel. If required a list of the selected students can be published on the website. Selected students may pay their hostel fees online or by challan.

Included Additional Features

➤ **Applicant/ Student Dashboard**

This dashboard is the single point from where the status can be followed for every application, the admission process, and payments. The applicant can resume a partially filled applications, pay prospectus fees and after successful counselling pay the tuition fees. The (head wise) payment receipts are also available through this dashboard. After the applicant becomes a student this dashboard will become the student dashboard and is available throughout the years the student is attending the college.

➤ **Fine process**

During the college year students will have to be various fines like, readmission, absence, hostel, library fine, etc. The college can apply these fine using website to an individual student. The student will be notified by email if a fine invoice is generated. The student can pay those fines either Online or by Challan through the student dashboard.

➤ **Change Request by The Applicants and Students**

Until verification by the college, the applicant can modify the application. After the application has been verified by the college, applicants may contact college to update some of the information for example, misspelled father name, wrong correspondence address. The college can make changes to these details from the page provided.

➤ **Various Reports for The College**

Various reports are made available to the college for analytical purposes, for example:

- Applicants applied for various courses.
- List of total students admitted.

Web: www.highaltdeducation.in Phone: +91 9816019111 Email: info@highaltdeducation.in
Flat No 104, 2nd Floor, Farm View Near Amar Vihar, Lower TutiKandi, Shimla, H.P. , India Pin: 171004

- List of category wise student admitted.
- List of gender wise student admitted.
- List of subject wise student admitted.
- List of combination wise student admitted.
- List of class wise student admitted.
- List of students admitted in the hostel.
- List of students' rooms wise.
- List of readmitted students.
- List of the absence fines.
- List of library fines.
- Any other reports required.

All reports are available online and can be exported to PDF, Word or Excel.

➤ Bulk SMS/Email (Optional)

During the year the college can use the system for sending (bulk) SMS / Email to (groups of) students (Email based on fair use, SMS costs charged separately).

Pricing

- We offer the online college admission and management system as Software as a Service (SaaS). We shall be charging 80% of the prospectus. If prospectus fee is less than Rs 50/ then we shall be charging Rs 40/ per application.
- Both the (further) development costs and hosting will be taken care of by us. New features will be added each year, most of them, will be included in basic amount, some more specific ones for a small additional cost per student.
- The admission process will be invoiced by successfully submitted/paid admission form with no additional costs up front (when signing a contract for 2 years).
- There will be no setup cost to start with our system. We send an invoice after the admission process is finished.
- One part of the invoiced is based on the number of applicants, a second part depends on the actual enrolled students. This second part depends on the year-round services the college wants to use.
- The pricing for the mandatory / generic part, including the admission and all year availability of the data / reports, is 80% of the prospectus fees. A small additional

amount for each enrolled student will be invoiced based on the optional modules required by the college.

- Software as a Service gives a worry-free solution for the college. We will make sure that the software is always up to date both security wise and in case when new regulations from the government are announced, without any additional costs!
- The application is hosted in the Microsoft Azure cloud. This gives us the option to easily scale up the hosting capacity during admission period. More about the security and privacy commitment can be found on: <https://azure.microsoft.com/en-in/overview/trusted-cloud/>
- Mandatory automated Email is included in basic amount. In case the college wants to use the system to send (bulk) SMS or Email to the students during the year, the SMS/Email will be provided at nominal cost.
- Date wise payment of all transactions through Online payment gateway is automatically visible in financial reports and its cost is included in basic amount. In case of other mode By Cash/ Challan/Other will be provided at nominal cost.
- We make sure the settlements of the payment gateway will match the financial reports, the college is responsible for the challan payments. As an additional service we provide some administrative assistance if required.

Terms and conditions

Minimum contract of two years. In case of a one-year contract, some costs will be charged for generating the college Home page and application form.

- College provides all relevant details necessary for the system to work for example, Prospectus, current Admission form, Various rules related to admission process at least 3 months before the new college year starts (in case the rules do not change, the prospectus and application form of the current year are also sufficient, the head wise rates can be added later)
- To facilitate the easy application for second, third year students, details are necessary for existing first- and second-year students. This gives us the option to invite the students second and third year by e-mail pre-fill their admission form.
- High Altitude Education Solutions will send the invoice after the admission process is completed.
- Data always belongs to the college and in case of the termination of contract the data will be provided to the college. The data can also be provided yearly (both database and uploaded files) against a nominal fee.

Additional Details

➤ Payment Gateway

We can integrate almost any payment gateway as per the choice of the college. Keep in mind some payment gateways have a lengthy registration process.

The payment gateway will be linked to the college itself and the collected money can only be transferred to the college. Different payment gateways charge different rates per transaction, these transaction costs are **not** included in our rates and are charged to the students. Within the payment gateway there are some methods that don't have additional costs.

Integrating/testing a new payment gateway is also a lengthy process, therefore after the college chooses which payment gateway to select from the given options if they plan to change it shall be at an additional charge.

➤ Full Website

If the college requires a full website for itself then that can be arranged. The costs depend on the wishes of the college.

➤ Additional Services

During the admission process we are available for questions from the college during extended business hours (Monday – Sunday, from 8:00 - 20:00).

*We can also be available outside these hours and/or directly available for questions from applicants regarding their application or payment, at an additional cost.

➤ Additional Generic Modules

The following additional modules are currently under investigation and will be built in case of multiple colleges are interested

- ❖ Library module
- ❖ Attendance module
- ❖ Class roster
- ❖ Extending the student dashboard with additional data, like exam results

➤ Custom Modules and General Software Develop

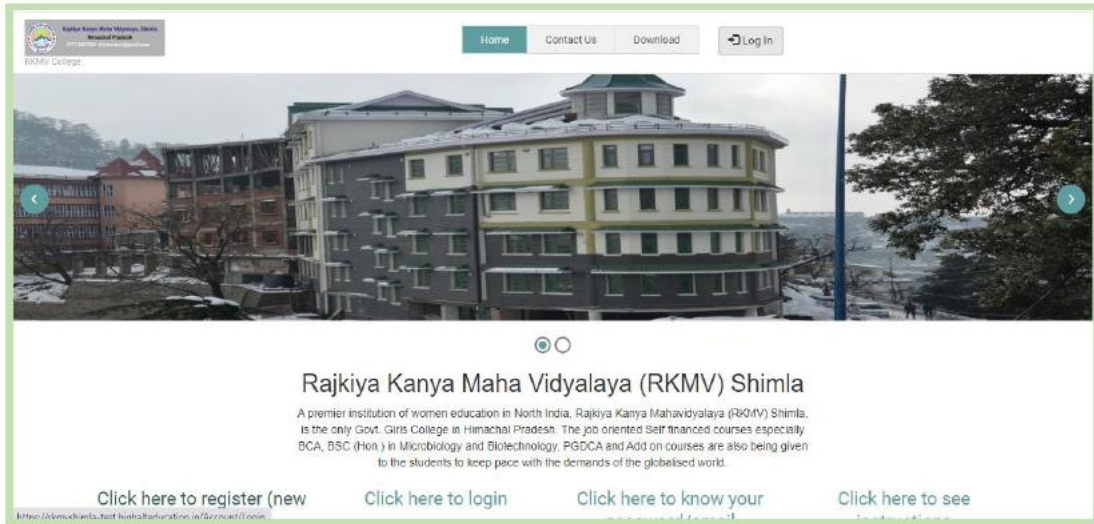

High Altitude Education Solution can also provide 'build-to-order' software development at very attractive rates

STEPS FOR ONLINE REGISTRATION

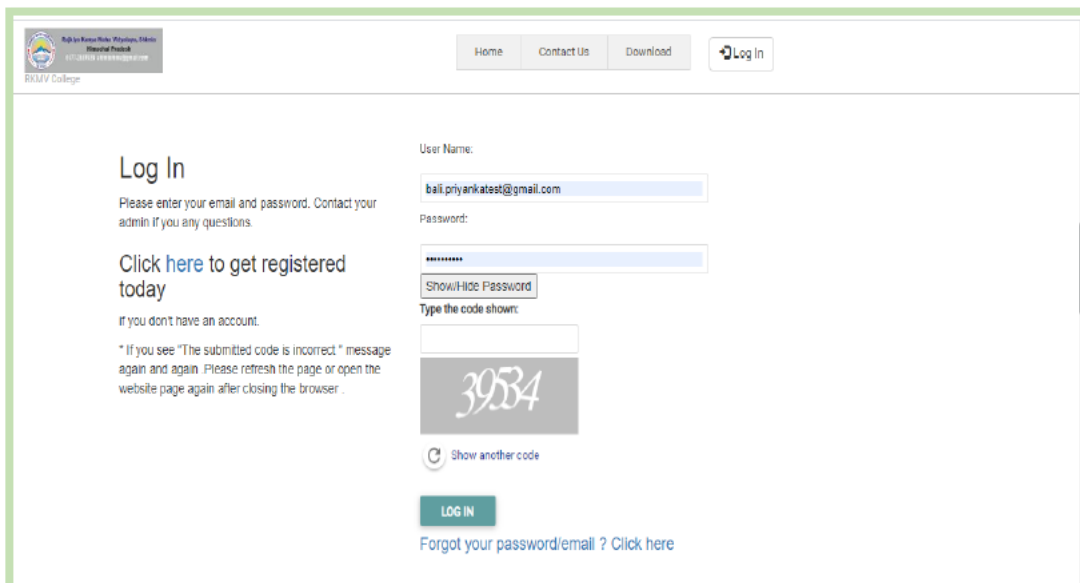

Open the website link rkmvshimla.highaltdeducation.in or click on Online Admission from the college website rkmvshimla.edu.in

Step 1:

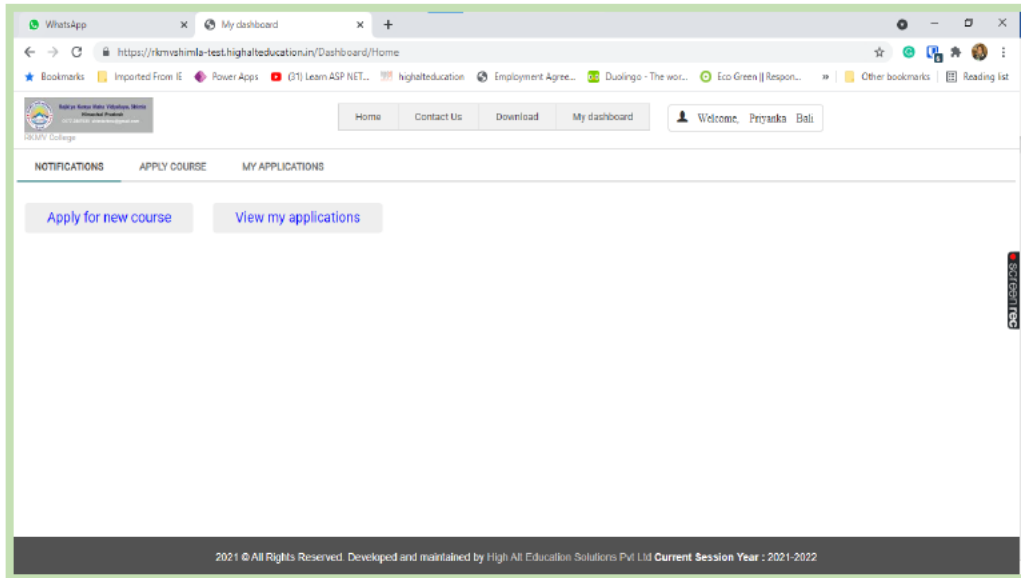

1. If you are New Candidate or First time User, Click on "**Click here to register (new user)**" Button. If you are existing Student please use your credentials to login into portal by clicking on "**Log In**".

IFMS - Integrated Financial Management System

Go Green! Switch to eStatements

Treasuries, Accounts and Lotteries

Department of Finance, Himachal Pradesh

The eSalary Version 1.0 is an improvement over the standard DDO Based payroll software Version 6.0 as it covers On-line updation/verification of paybills by the respective DDOs from their location, expenditure control. Salary Cheques will also be generated through system. The main objective of centralized software is to better manage and forecast the expenditure under the Salary head for all department. By creating an Integrated Pay & Account Cell in the specific treasuries, the paybills for all departments will be generated centrally. This also reduce paper work and movement of these bills and officials.

GeM Portal

Introduction to Government e Marketplace (GeM)

- Hon'ble Prime Minister, based on recommendations of the Group of Secretaries, decided to set up a dedicated e market for different goods & services procured by Government Organizations / Departments / PSUs. This meant transforming **DGS&D** to a digital ecommerce portal for procurement and selling of goods and services.
- Government e Marketplace (GeM), created in a record time of five months, facilitates online procurement of common use Goods & Services required by various Government Departments / Organizations / PSUs. GeM aims to enhance transparency, efficiency and speed in public procurement. It provides the tools of e-bidding, reverse e-auction and demand aggregation to facilitate the government users, achieve the best value for their money.

- Development, operation and maintenance of National Public Procurement Portal—Government e Marketplace”.

GeM Advantages

Government e-Marketplace (GeM) is the Public Procurement Portal for procurement of goods and services for all Central Government and State Government Ministries, Departments, Public Sector Units (PSUs) and affiliated. GeM endeavors to make public procurement process transparent, efficient and inclusive. Following are the advantages of GeM It acts as a centralized and unified public procurement platform for government buyer organizations and suppliers of goods and services, accompanied by:

- Policy reforms for current processes of public procurement ecosystem
 - Driving Inclusiveness and Ease of Doing Business (EoDB) with the government (especially for smaller organizations such as MSMEs)
 - Standardization of processes backed by the regulatory framework
 - A fully automated system enabled through advances technologies
 - Provide transparency and ease of buying
 - Offers rich listing of products for individual category of goods/services
 - Direct purchase for amounts up to INR 25000
 - L1 purchase for amounts greater than INR 25000 and less than INR 5 Lakhs
-

- Proprietary Article Certificate Bid- Procurement of specific product as per requirement
- Price Trends and Price Comparison From Multiple Suppliers
- Direct notifications to sellers
- Integrated Payment System
- Easy to comprehend interface to search, compare, select and buy
- User friendly dashboard for monitoring supplies and payments
- Online grievance redressed mechanism for quick resolution
- Direct purchase, L1, Push button procurement, Bid/RA mode of procurement and forward auction for auction.

GeM has enriched listing of approximately 10000 products categories and 290 services categories wherein millions of sellers have offered their catalogue.

- Buyers can now select bid duration between 3 & 45 days.
- Delivery period up to 365 days and up to 6 years with approval.
- Option to provide multiple consignee locations and quantity
- Multiple consignee can be selected for Services
- Pin-code based seller selection for Direct Purchase Mode
- ATC library available for addition of terms and conditions
- Additional Deductions can be applied by buyers at the time of bill generation

-
- Notification to buyers regarding:
 - expiry of DP (Delivery Period) for the contract
 - Initiation of cancellation of contract in case of non-delivery by sellers
 - Buyer during technical evaluation can make a MSE seller eligible or ineligible for MSE purchase preference.
-

- Now buyers get the option to cancel the Product contract(s) even if the invoice has been generated by seller provided 15 days have expired from delivery period.
 - 18 Banks have enabled GeM Pool Account
 - To improve fair participation in Bid / RA, GeM now ensures that at least 3 sellers have participated and offered products from at least 2 different Eosin case buyer wants to proceed with less than 3 Resellers or two OEMs/Brand, they have to upload approval from Competent Authority.
