Assessment of learning outcome

To assess learning outcome, a mock test was conducted after winding up the classes on 20th May 2024. Majority of departments got satisfactory response from students. Average marks of students in mock test were calculated and are shown in figure below:

(1% to 10%) = 1, (11% to 20%) = 2, and so on up to (91% to 100%) = 10

Suggestions and Feedback from Faculty and Students

Many universities conduct entrance examinations in the beginning of the year, faculty and students thus suggested that this type of coaching should be given well before commencement of entrance examination of most of universities. They also recommended offline mode of classes for better interaction between students and teachers.
