RKMV Shimla was honored with a prestigious award by the Municipal Corporation (MC) of Shimla for its significant contribution to cleanliness and sanitation under the **Swachhta Abhiyan** initiative. This recognition underscores the college's dedication to promoting a clean and green environment, both within the campus and in the wider community.

As part of its initiatives, RKMV actively participates in various cleanliness drives, often involving both students and staff in activities like campus cleaning, waste segregation, and proper waste disposal management. The college also regularly organizes **awareness programs**, workshops, and seminars to educate the students and local communities on the importance of cleanliness, personal hygiene, and environmental conservation.

In addition to these activities, RKMV integrates sustainable practices into its campus life by promoting the use of eco-friendly materials, maintaining green spaces, and minimizing the use of single-use plastics. Through its numerous efforts, the institution has created a model of environmental stewardship, inspiring students to become responsible citizens committed to a clean and healthy environment.

This award not only brings honor to the institution but also strengthens its resolve to continue its work towards making the environment cleaner and greener, setting an example for other educational institutions in the region.
