Best Practice I: Share and Care

Certificate of Appreciation

Rajkiya Kanya Mahavidyala (RKMV) Shimla, the prestigious institute of girls' education, has been a pioneer in the practice of sharing chapatis with the attendants of cancer patients. "Roti Bank", as the initiative came to be known later, was spearheaded by RKMV Shimla in the year 2016. The practice has strengthened with time as more number of volunteers are getting associated with it. It has continued till date with the same zeal and enthusiasm.

Starting from this college, the practice has spread to many students from different schools and colleges in and around Shimla. It will not be out of context to mention here that the Rotis collected in the Roti Bank are served to the patients and attendants coming from faraway place for treatment at Indira Gandhi Medical College, Shimla.

It gives us immense pleasure to convey our thanks to RKMV family for associating with us in serving the society.

With warm regards
