# Extension activity of energy club

## Workshop on sensitization of Energy saving

Energy club members conducted a workshop on 24th October 2023 at the school. The workshop was held to sensitize the students about energy saving and its challenges. Dr. Anand Kumar, Energy Club Head, led the workshop. The students were divided into groups and were given a task to identify the energy saving measures in their school. The students were also given a task to identify the energy saving measures in their homes. The workshop was a success and the students were able to identify many energy saving measures.

Workshop activities were also organized for the students and their parents, which included a quiz, a debate competition and a poster competition.
